

# Welcome to the MIDIbox Knowledge Base

If you ever wanted to build the midi controller or sequencer of your dreams, or if you want to develop your own, custom MIDIbox - you came to the right spot :)

We are working hard to improve the vast amount of information around. If you can help us, please feel free to [add or correct things](#). If you want to discuss documentation or wiki issues, please post to the [forum](#).

You need a MIDIbox-forum account to edit pages.

## About

- [What is a MIDIbox](#)
- [Introduction to uCApps.de](#) - *recommended reading!* 98% of all newbie-questions in the forum are answered in here
- [MBHP Acronyms](#) - Acronyms and abbreviations often used here. If you don't know what [AIN](#) or [BS](#) means... just look it up before you continue!
- [References](#) - Links, Book Reviews and Specification References: Look it up!
- [FAQ - Questions and Answers](#) - Find the Answers to the most frequent questions here!
- [uCApps.de](#)<sup>uCApps.de</sup> The homepage of Thorsten Klose, the creator of MBHP & MIOS with loads of documentation

## MIDIbox Projects

- [MIDIbox Projects](#) - MIDIbox devices like Controllers, Synthesizers, Sequencers and all sorts of different DIY-projects. You will find tutorials, manuals, descriptions and links for over 20 both official as well as unofficial user projects - for example the famous [MIDIbox SID Synthie](#), the [MIDIbox Sequencer](#) or the latest [Traktor Controller](#)...
- [User Projects](#) - a large list of finished and ongoing MIDIbox projects created by experienced users

### **MIDIbox Operating System (MIOS)**

- **MIOS** - The MIDIbox Operating System
- **Tools** - Available software and special helpers required to communicate with your Box, eg. [MIOS Studio](#)
- **Application Development** - Informations for developers: Tutorials, IDE config and debug tips (C and ASM)
- **Application Development 32bit** Information for developers using 32bit Core modules
- **SVN** SVN Repository for MIOS8 and MIOS32 projects

### **MIDIbox Hardware Platform (MBHP)**

- **MBHP** - the MIDIbox Hardware Platform with detailed information about available modules
- **Parts** - Where to order, part references (eg. how to connect an Encoder)
- **Basics** - How to get started, things you'll need, Soldering, Tips & Tricks
- **Troubleshooting** - If you're stuck with your modules, check on this page

### **MIDIbox Community**

- **Users** - Create your own page and show what you're doing with your midibox!
- **User Projects** - Add your projects, codes, pictures here! You can find a lot of cool customized boxes!
- **MIDIbox Forum** - Get involved!

This page is read only, [post a message here](#) if you need an edit.
